MAKING MENTAL AND PHYSICAL HEALTH A PRIORITY

The somewhat less discussed impact of this pandemic is the deteriorating mental health. During our interactions with our clients, employees and business partners across the country, we realized the COVID-19 pandemic and the resulting economic recession had negatively affected many people's mental health and created new barriers for people already suffering from mental illness. The pandemic brought forth a range of neurological disorders affecting mental well-being not just in India but globally.

Realizing the need of making mental health a priority, we conducted webinars for our employees as well as clients like "How to improve our relationship with food for life without medicines" by Dr Nandita Shah, Founder of Sharan and "Gift yourself the gift of Health" by Dr. Bandre, veteran yoga trainer.

FINANCIAL AWARENESS FOR WOMEN

Women need to be sufficiently financially literate effectively participate in economic activities and to take appropriate financial decisions for themselves and their families. It is commonly known that women usually have lower access to formal financial products and most financial companies do not target women clients.

To promote financial awareness among women your company conducted seminars like "Let's Talk Money with Incredible Women" during the financial year.

PAINTING CONTEST FOR KIDS

Your company organized virtual art competition for children on Children's Day on the themes of "India" and "Environment". This contest has been in the hope that paintings and thoughts expressed by children, on their sincere consideration of the environmental conservation around them, the earth and its future and their love for the country, will inspire people and lead to take action for changing lifestyles.

WAY AHEAD

Our commitment now is to deploy finance responsibly to support people and businesses and work towards bringing equitable recovery, acting with empathy and integrity, championing innovation and sustainability, for the common good and the long term. This shall lay down the foundation of our growth going forward.

CHAIRMAN'S MESSAGE

ASHOK KUMAR JAIN

(CHAIRMAN & MANAGING DIRECTOR)

2020 was a year of incredible challenges. As the pandemic unfurled, it had devastating consequences on the lives and livelihoods of millions of people around the world, but as a company our priorities were clear. We first needed to ensure our operational and financial resilience. Before the pandemic, if someone would have asked me to estimate the time it would take for us to enable over 95 per cent of our employees to work remotely, I would have never thought it was possible. And yet, as the pandemic hit the world in full force in March, our technology team accomplished the unprecedented task of creating suitable digital infrastructure that enabled the entire Arihant team to work remotely.

During the last financial year, your company has delivered robust growth and a strong financial performance across all metrics, despite a challenging operating environment. Importantly, we have focused on putting in place the right building blocks for the future.

While the markets started the year with a huge drop in early April, they went on an unstoppable northward journey in the financial year 2021. For the year, the Sensex Index gained 75.16% and the Nifty clocked 77.99% return compared to the year before—generating record returns. Meanwhile, your company recorded a profit of Rs 34.67 crores, the highest ever in its history.

The pandemic triggered high retail participation in the stock markets. Declining saving avenues amidst the low interest rate regime and the lockdown that forced many people to stay at home, and many others lose their jobs and revenues, had led to greater interest by individuals in the stock market. The number of individual investors in the market has increased by a whopping 142 lakh in FY21. Also, the share of individual investors in total turnover on stock exchange has risen to 45% from 39% in Mar'20, as shown by NSE data. The strong growth in retail clients, and participation of younger generation in the stock markets will expand the addressable market opportunity for us and go a long way to increase the demand for investment products digitally. This provides an incredible opportunity for your company to grow.

Although we are grateful for the stellar performance of equity markets and your company for much in 2020, we cannot discuss this past year without first acknowledging both the pain and tragedy that the COVID-19 pandemic has inflicted on so many of our clients, colleagues, vendors, and partners, as well as

many Indians, especially the marginalized sections of the society. This year has particularly highlighted the importance of saving, investing, and having a financial plan more than ever.

During pandemic we were proactively finding ways to help those affected. Arihant contributed funds to PM National Cares Fund (Rs 11 lacs), Indian Red Cross Society (Rs 15 lacs), contributed towards school fees of children from the poor sections of the society (Rs 31 lacs), distributed food packages, medical equipment, sanitizers & masks, and also provided COVID-19 health insurance plan to our employees. We hope that initiatives such as these clearly demonstrate the ways in which Arihant can do good in society by deploying finance in multiple ways.

The pandemic provided an opportunity – indeed a necessity – to innovate at unprecedented speed. For us, COVID-19 was not a one-off adverse event. The pandemic was a development that put all our systems and processes to test. It has prompted a far-reaching assessment of our operational mindset, and we will be embedding new ways of thinking about our work based on lessons learned from our experience in 2020. I can confidently say that we are evolving into a more robust enterprise.

Frankly, on several occasions in 2020, we were overwhelmed by the volume of clients accessing our trading systems and phone calls. Despite our best efforts to plan for spikes in volumes, we did not anticipate volumes that oftentimes were multiples of the highest volume we had ever witnessed before, and this was seen across the industry. Our employees responded heroically, working unprecedented overtime hours to serve our clients. The combination of these volumes, however, with the inevitable impact on efficiency caused by so many of our employees working from home, resulted in service quality and experience that did not consistently meet the high levels our clients deserve. We expect more of ourselves.

To help address these challenges, we continue to invest in our digital transformation; are working on new web and mobile trading platforms that will be created using new technologies to help us serve every client with the same speed and power irrespective of volumes.

I am happy to inform you that we have already put together our digital transformation plan in motion and are gearing up for Arihant's next leg of growth and to help us establish ourselves as a fintech company.

We are spending substantial sum on technology and infrastructure. It may take some time, but we're working aggressively to ensure we offer a world-class platform and experience to our clients and those who serve them.

One of our priorities for this coming year, and the years ahead, is to ensure that we continuously advance and innovate our trading systems, client experience, and internal processes and focus on being a technology-led company to stay ahead of the competition.

I believe we are well placed to respond to the challenges. Our diversified model has proved its value, and we have a clear view of our business priorities going forward. Our strong focus on technology and innovation going forward will ensure that we are able to offer our clients the best service and experience.

For over 29 years, your company has stood as a beacon of opportunity, and respect for all. This commitment has never been more important than right now, as we continue fulfilling our longstanding strategy of "Making a Positive Difference". Put simply, it means that we try to operate your company by looking at all our actions from the perspective of our clients, our stakeholders, and the communities where we operate. Since day one, our mission has been to help every Indian meet their financial goals while keeping integrity at the heart of everything we do. We will continue to do it not just by striving towards making a positive difference in the lives of our clients and stakeholders but also to the planet.

We strongly believe in creating a sustainable future. Going forward, our efforts will be consciously directed towards this goal through our Environmental, Social and Governance (ESG) initiatives.

Finally, I want to thank everyone involved in this most challenging of years – customers, business partners, investors, regulators, and governments. But above all, thank you to our team for their diligent commitment to serving others while balancing the health and safety of their own families.

We have so much to do in 2021 as we continue to pursue the enormous growth opportunities still ahead.

Yours sincerely

Ashok Kumar Jain

The Results declared along with the Scrutinizer's Report shall be placed on the Company's website at www.arihantcapital.com within two (2) working days of passing of the resolutions at the AGM of the Company and communicated to the BSE Limited and NSE India Limited.

X. THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.
- Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.
- In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.
- In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Management Discussion and Analysis Report

FY2020-21: A Glance

The financial year 2021 was one of the most challenging periods in any company's history, worldwide. The impact of COVID-19 created an unprecedented combination of personal and macroeconomic challenges for our clients, employees and all other stakeholders. While the extraordinary macroeconomic environment persisted throughout the FY2021, the stock broking industry particularly did well due to spike in volumes and record number of new participants in the markets.

The Indian stock markets opened the year on a grim note and had a roller coaster ride during the financial year. From the lows seen during the end of 2019-20 on account of the COVID-19 induced lockdown, the markets recovered and touched record highs in the last quarter after vaccines against Covid-19 were approved and rolled out. For the FY21, the BSE Sensex gained 75.16% and the Nifty clocked 77.99% return compared to the year before, ending the year at 49,509.15 and 14,690.7 respectively. In fact, BSE Sensex was the best performing index among the 10 major world indices across nine countries in the current financial year, which included DJIA, Nikkei, FTSE and Hang Seng.

FII flows in equities in FY21 was the highest ever at \$37.6 billion, whereas DII equity flows saw outflows after five consecutive years of inflows. During fiscal 2021, the Rupee appreciated by 3.2% from ₹75.54 per US dollar on March 31, 2020 to ₹73.11 per US dollar at March 31, 2021.

The number of new demat accounts reached a record 1.42 crores during FY21, almost 3 times the figure in the previous fiscal year. In FY20, 49 lacs demat accounts were opened with a 3-year average of 43 lacs in the 3 fiscal years from FY18, according to the data from the Securities and Exchange Board of India (SEBI).

India's Gross Domestic Product (GDP) contracted 7.3% in FY2021, as per provisional National Income estimates released by the National Statistical Office. However, the economy is on a road to recovery. Estimates of India's GDP for fiscal 2022, by various agencies and analysts, indicate a strong growth in GDP. The International Monetary Fund (IMF) has projected an impressive 12.5% growth rate for India in 2021.

Outlook :

Global economy is on firmer ground, but with contrasting recoveries amid high uncertainty. Global economic situation has been in one of the worst situations in decades from last year due to COVID 19. New virus variants and an increase in positive cases have been the cause of concern, even as growing vaccine coverage lifts sentiment. Economic recoveries are diverging across countries and sectors depending upon the opening up of the economies. The outlook depends not just on the outcome of the battle between the virus and vaccine, it also hinges on how effectively economic policies are being deployed under high uncertainty to limit lasting damage from this unprecedented crisis.

The Global growth for CY21 and CY22 are estimated to be stronger than what it was in October 2020, according to World Economic outlook. The upward revision reflects additional stimulus packages from a few large economies. The anticipated vaccination drive throughout nations will depict the start of the recovery in the second half of CY 2021. There has been a high uncertainty surrounding this outlook, related to the path of the pandemic, and the effectiveness of policy support to provide a bridge to vaccine-powered normalization, and the evolution of the financial conditions.

Going forward, economic activity will depend on the trajectory of the second wave of Covid-19, the progress of the vaccination program and the restrictions on activity and the period for which they continue. A prolonged period of economic weakness caused by the second wave of the pandemic and uncertainty regarding normalisation could negatively impact the markets and affect the stock broking business.

The Indian economy is showing decisive and strong signs of recovery. These positive signals are underpinned by the confidence post the vaccine roll out, low interest rates, improved consumer confidence and other investment attracting measures. Our outlook for the industry and the economy is positive, unless a new wave causes disruption.

Review of Operations

The COVID-19 pandemic is a global humanitarian and health crisis that continues to impact all our stakeholders. In responding to this crisis, your company primary objective has been to ensure the safety of our employees worldwide, to deliver our client commitments, and protect its long-term prospects. We offered COVID-19 related care for our employees and their families. For employees working from the office, we have established a safe work environment and protocols for testing and quarantine.

The Company's operations predominantly relate to providing end-to-end business solutions to enable clients to enhance performance of their business

Due to the nature of the pandemic, the Company will continue to monitor developments to identify significant uncertainties relating to revenue in future.

Your company's activities and performance are directly related with the performance of the capital markets. The main activities of the company include stock broking, merchant banking, depository services, and commodity broking and wealth management. On the backdrop of strong performance of the Indian bourses during the financial year, your company's financials also saw a strong growth. During the FY2021, your company clocked the consolidated income of ₹116.16 crores and while the reported profit after tax stood at an all-time high of ₹34.67 crores. With our ongoing strategy in place to handle future business, we are clear that all our efforts must converge into real value creation for all our stakeholders in the coming times.

During the year under review, your Company Managing Director Mr. Ashok Kumar Jain was awarded by the Institute of Chartered Accountants of India (ICAI) in category LEADER (EMERGING CORPORATE BFSI)

Risk factors relating to our business operations

The COVID-19 pandemic continues to impact key geographies that we operate in and may further impact, all of our stakeholders – employees, clients, vendors, investors and communities we operate in.

Every Company is prone to internal and external risks, including risks around compliance, operational, strategic and many others. Many of these risks are inherent in the enterprise structure of any organization and may interfere with an organization's operations and objectives. The Company takes responsibility to proactively identify and address risks and opportunities to protect and create value for its stakeholders.

Some of the crucial risks impacting the Company's overall governance are detailed below:

- **Economic risk and Global slowdown:** Our business is highly sensitive to economic and political conditions prevalent in the country and across the globe. Any sustained downturn in general economic conditions or Indian equity markets and severe market fluctuations would likely result in reduced client trading volumes and net revenues, and hence, will have a material adverse effect on our profitability.

Additionally, the global markets are looming with uncertainty. The slow growth in the advanced economies and rising constraint on certain emerging economies can result in volatile capital inflows and currency fluctuations. These factors may take an immediate toll on the market sentiment. Speaking of the same in the Indian context, slow implementation of

regulatory reforms and lack of consensus on important legislations is further likely to delay growth and consequently affect the Indian stock market sentiment.

- **Technological disruption:** Constant technology and innovation-based upgradations require companies, particularly in stock broking industry, to pay as much attention towards innovation as towards business growth. It is also crucial for us to keep in line with competitors, especially the new age fintech players and discount brokers. The risk of disruptive innovations enabled by new and emerging technologies is always prevalent. Any significant changes in technology would pose pressure on our profitability.
- **Risk of attracting the right talent:** Our success depends largely upon our highly skilled technology professionals and our ability to hire, attract, motivate, retain and train these personnel.
- **Stringent Regulatory Norms:** Any unexpected regulatory changes or tightening in regulatory scrutiny/restrictions may adversely impact the way current products or services are produced or delivered.
- **Reputation Risk:** Our reputation could be at risk, and we may be liable to our clients or to regulators for damages caused by inadvertent disclosure of confidential information and sensitive data.
- **Credit Risk:** We provide exposure limits to clients, based on the collaterals of securities that we receive from them, in connection with our brokerage business. Sharp change in market values of securities and the failure by parties to honour their commitments on a timely basis could have a material adverse effect on the profitability of our operations.
- **Competition Risk:** The broking industry is highly competitive, with many participants offering a variety of products and services with the aim to provide best in class customer experience.

The financial sector industry is becoming increasingly competitive, and the company's growth will depend on its ability to compete effectively. As a result, competition risk is always a consideration. Emergence of disruptive business models like discount broking, robo-advisory and payment bank companies in the financial markets space will cause competition going forward.

- **Compliance Risk:** Compliance risks result from violations or non-compliance with laws and regulations, code of business conduct and contractual compliance having material impact on the company's financial, organizational and reputational standings.

New and changing regulatory compliance, corporate governance and public disclosure requirements add uncertainty to our compliance policies and increase our costs of compliance. Changes in the policies of the Government of India or political instability may adversely affect economic conditions in India generally, which could impact our business and prospects.

The Company has strong compliance management framework, supported by adequate tools and IT systems, to identify, assign and monitor compliance with applicable rules and regulations. In addition, an independent internal auditor reviews compliance management framework and submits their findings to the Audit Committee.

- **Conflict of Interest:** There is a risk that there will be situations when interests of the Management Company (or persons related to it) and the Company or shareholders will differ or interests of individual shareholders will differ, i.e., there will be a conflict of interest. The Management Company has to implement appropriate measures for avoiding conflicts of interest, which enable to perform the activities of managing the risk of conflicts of interest and managing conflicts of interest independently, in order to avoid/reduce the risk of conflicts of interest or properly manage a conflict of interest when it occurs.

Human Resources

The focus of human resources management at Arihant is to ensure that we enable each and every employee to navigate the next, not just for clients, but also for themselves. Arihant is committed to providing a positive work environment free of discrimination and harassment. Equal opportunity and fair treatment are part of our Code of Conduct.

The Company believes that the quality of the employees is the key to its success and is committed to equip them with skills, enabling them to seamlessly evolve with ongoing technological advancements. Our success depends in large part upon our management team and key personnel and our ability to attract and retain them.

During the year, the Company organised e-training programs in different areas such as technical skills, behavioural skills, business excellence, general management, advanced management, leadership skills, customer orientation, safety, values and code of conduct. Moreover, in line with the Company's staff certification policy, employees are mandatorily required to take relevant industry standard certifications such as National Institute of Securities Markets (NISM), Association of Mutual Funds of India (AMFI), Chartered Financial Analyst (CFA) and Chartered Financial Planner (CFP). Most of the Company's employees are qualified professionals (CA, CS, MBAs) or have obtained such certifications.

Corporate Social Responsibility (CSR) and Environmental, Social and Governance (ESG)

At Arihant, we are aware of how our operations impact our stakeholders, especially the communities where we operate. We are reliable and responsible company that operates in a socially and environmentally sustainable manner. We primarily focus on health, education, environment and rural development by promoting social welfare programmes and community participation near our facilities and offices.

As per Section 135 of the Companies Act, 2013, a company, meeting the applicability threshold, needs to spend at least 2% of its average net profit for the immediately preceding three financial years on CSR activities.

The areas for CSR activities are eradication of hunger and malnutrition, promoting education, art and culture, healthcare, destitute care and rehabilitation, environment sustainability, disaster relief and rural development projects.

The CSR Policy may be accessed on the Company Website at the link: www.arihantcapital.com

The key philosophy of the Company 'CSR initiatives' is to promote development through social and economic transformation. The Company has, inter alia, identified following areas in which it may engage for its CSR activities.

- Addressing identified needs of the underprivileged through initiative directed towards promoting education including preventive health care.
- Addressing the cause of environmental sustainability by creating awareness on minimizing the use of plastic, promoting eco-friendly products and other measures to save the planet
- Any other activity falling within the scope of schedule VII to the Act.
- During the year, the Company has spent more than ₹80.85 lacs on CSR activities. Including Company has Contributed of ₹11 Lacs to PM Cares Fund.

The Environment: At Arihant, we understand the importance of eco-friendly and environmentally conscious development. We also encourage our clients to go paperless by signing up for electronic trade confirmations (e-contract notes), account statements and bills. Not only is this good for the environment, but it enables clients to receive important information electronically – even if they're away from home.

We believe in driving successful performance in tandem with ethical behaviour with an unwavering commitment to reducing environmental impact.

The details of our ESG and CSR activities area part of the Board Report.

Internal Control System

The internal control systems have been designed to effectively and efficiently handle the dynamic and complex nature of business operations of the company. The company's internal audit system has been continuously monitored and updated to ensure that assets are safeguarded, established regulations are complied with and pending issues are addressed promptly. The audit committee reviews reports presented by the internal auditors on a routine basis. The committee makes note of the audit observations and takes corrective actions, if necessary. It maintains constant dialogue with statutory and internal auditors to ensure that internal control systems are operating effectively.

Risk management

Risk Management plays a key role in business strategy and planning discussions. The Company has implemented a comprehensive risk management framework to identify, understand and manage risks associated with the business.

Your company has a risk management framework, appropriate to the size of the company and environment under which it operates. The risk management process covers risk identification, assessment, analysis and mitigations and policies are framed appropriate for various risk categories namely credit risk, market risk, operational risk and regulatory risk. The Audit

Committee reviews these policies and processes regularly and is periodically informed about the risk assessment, impact of risk on the business and mitigation plans.

Accordingly, the Company has identified key risks and developed plans for managing the same. The risk management committee also reviews various processes in the business and takes required corrective decisions to protect the value for its stakeholders. The details of the Committee and its terms of reference are set out in the Corporate Governance Report forming part of this Report.

Commitment to doing what is right

Our management team and board of directors are resolved to do what, we believe, is best for our associates, clients and shareholders.

Opportunities and Threats

Opportunities

- Partnership with fintechs: An increasing number of fintech start-ups are focusing on developing innovative products for financial markets and investment industry. This gives us a room for finding synergies and offering value-added services to our clients and also enhance our offerings.
- Increasing interest of youth in stock markets and deeper penetration of financial products post COVID-19 through technology and social media.
- Leveraging technology to innovate and increase user engagement and share of wallet.
- Corporates looking at consolidation / acquisitions / restructuring opens out opportunities for the corporate advisory business.

Threats

- Execution risk.
- Regulatory Changes.
- Slowdown in global liquidity flows.
- Increased intensity of competition from local and global players.
- Market trends making other assets relatively attractive as investment avenues.

Strengths

- Trust: 'Arihant Capital Markets Limited' is a name synonymous with trust. Arihant is well-established financial services company with a 29+ years of track record. With our focus on client first approach and high levels of integrity, we have developed a strong sense of trust among our clients, channel partners and within the industry.
- Diversified business and broad product portfolio controls volatility in business cycle.
- Strong channel partner network with investment centers spread across India.
- Complete range of digital products right from mobile trading, web trading to online mutual fund.
- Focus on digital and innovation future.
- Strong understanding of the broking business and robust risk management systems in place.

Strategy

We intend to capitalize on the growth and consolidation of the brokerage industry and leverage our infrastructure to grow our market share and profitability. To achieve these goals, we seek to keep ourselves in sync with the growing dynamics of the industry on technology front, expand our network particularly in markets where the competition is not intense, and potential is high. We seek to further strengthen our position by increasing our relevance to clients by being able to understand their investment requirement and offer them a solution that best meet their needs (client centric approach).

Our strategic objective is to build a sustainable organization that remains relevant to the agenda of our clients, while creating growth opportunities for our employees and generating profitable returns for our investors.

Statutory Compliance

The company has a well-structured, documented and demonstrable compliance framework that helps the management monitor and report compliance risk and exposure to the Board. The Chief Compliance officer makes a declaration at each

Board Meeting regarding compliance with provisions of various statutes after obtaining confirmation from all the operating departments across all subsidiary companies within India.

Outlook and challenges

The continual growth in the finance sector is expected to help your company expand its business and revenue. Arihant Capital is perceived as a single product, traditional broking house. However, we needed to break this perception and create a better connection with the youth, and effectively communicate to them our range of digital financial products and services. For this purpose, we have already upgraded our website and are in the process of upgrading our trading platforms – including new mobile and web trading platforms that will offer seamless trading and investment experience to the clients without compromising on speed or user experience.

Your company expects to improve its position in the market by pushing its focus towards technology and innovation. However, the challenges remain on being able to leverage these initiatives to carve out a space in the competitive broking industry and be able to take company to the masses and the youth efficiently and at optimal cost.

INDEPENDENT AUDITORS' REPORT

To the Members of
ARIHANT CAPITAL MARKETS LIMITED

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of **ARIHANT CAPITAL MARKETS LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss, (including the statement of Other Comprehensive Income), Statement of Changes in Equity and statement of Cash Flows for the year then ended, and notes to the standalone Ind AS financial statements, including, a summary of significant accounting policies and other explanatory information. (Hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act"), in the manner so required and give a true and fair view in conformity with the Indian Accounting Standard prescribed under section 133 of the act read with the companies (Indian Accounting Standards) rules, 2015 as amended, ("Ind AS") and other principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021, and its Profit, and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Ind AS financial statements section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Ind AS financial statements.

Impact of Covid-19 on Audit

Due to outbreak of second wave of COVID -19 pandemic has peaked in most states in India. Consequent state wide lockdown enforced by the Government of Madhya Pradesh, we could not carry out normal audit procedures by visiting the office and audit was carried out using "Work from Home" approach. This is considered as Key Audit Matter, since alternate audit procedures were performed for carrying out the audit.

Due to "work from home" approach adopted, we performed following alternative audit procedures:

- Remote Access to financial accounting and taxation software on laptops of team members.
- Various data and confirmation were received either electronically through email or through data sharing on drive.

- For various audit procedures, reliance was placed on scanned copies of original documents shared with us electronically.

Information Other than the standalone Ind AS financial statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether such other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. Based on the work we have performed, we conclude that there is no material misstatement of this other information.

Management's Responsibility for the Standalone Ind AS financial statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, Profit/Loss (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") specified under section 133. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Management and Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the standalone Ind AS financial statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure "A", a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. Further, as required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including the Statement of Other Comprehensive Income), the Statement of Changes in Equity and the statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Standalone Ind AS financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Companies Act, 2013.

- f) With respect to the adequacy of the internal financial control over financial reporting of the company with reference to these Standalone Ind AS financial statements and the operating effectiveness of such control, refer to our separate report in Annexure “B”.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act

- h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company, as detailed in note 42 to the Standalone Ind AS financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2021.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE “B”

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report even date to the Members of ARIHANT CAPITAL MARKETS LIMITED on the accounts for the year ended 31st March, 2021)

Report on the Internal Financial Controls with reference to the aforesaid standalone Ind AS financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls with reference to Standalone Ind AS financial statements of **Arihant Capital Markets Limited** (“the Company”) as of 31 March 2021 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to Standalone Ind AS financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to standalone Ind AS financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “Guidance Note”).

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered

Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone Ind AS financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these standalone Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these Standalone Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to these standalone Ind AS financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control with reference to Standalone Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that;

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial with reference to financial statement, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Ind AS financial statements to future periods are subject to the risk that the internal financial control with reference to Standalone Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Company is also AMFI registered Mutual Fund distributor.

The Board of Directors approved the standalone financial statements for the year ended March 31, 2021 and authorised for issue on June 14, 2021.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

Basis of preparation

The financial statement for the year ended 31 March 2021 has been prepared in accordance with Indian Accounting Standard (‘Ind AS’). The Company is covered under the definition of NBFC. These Financial Statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). These Financial Statements of the Company are presented in Indian Rupees (‘INR’), which is also the Company’s functional currency and all values are rounded to nearest rupees.

The financial statements are prepared on a going concern basis, as the Management is satisfied that the Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources. The outbreak of COVID-19 has not affected the going concern assumption of the Company.

2.1 Income Recognition

The Company recognizes revenue from contracts with customers based on a five-step model asset out in Ind AS 115, Revenue from Contracts with Customers, to determine when to recognize revenue and at what amount. Revenue is measured based on the consideration specified in the contract with a customer. Revenue from contracts with customers is recognized when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur.

Revenue is measured at fair value of the consideration received or receivable. Revenue is recognized when (or as) the Company satisfies a performance obligation by transferring a promised service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

When (or as) a performance obligation is satisfied, the Company recognizes as revenue the amount of the transaction price (excluding estimates of variable consideration) that is allocated to that performance obligation.

The Company applies the five-step approach for recognition of revenue:

- Identification of contract(s) with customers;

- Identification of the separate performance obligations in the contract;
- Determination of transaction price;
- Allocation of transaction price to the separate performance obligations; and
- Recognition of revenue when (or as) each performance obligation is satisfied.

(i) Brokerage income

It is recognized on settlement date basis and is exclusive of goods and service tax and securities transaction tax (STT) wherever applicable.

(ii) Fee & Commission income

Fees based income on services is recognized as earned on a pro-rata basis over the term of the contract. Commissions from distribution of financial products are recognized upon allotment of the securities to the applicant or as the case may be.

(iii) Depository income

Income from services rendered on behalf of depository is recognized upon rendering of the services, in accordance with the terms of contract.

(iv) Interest income

Interest income is recognized on accrual basis in Statement of profit and loss for all financial instruments measured at amortized cost.

(v) Dividend income

Dividend income is recognized in the statement of profit or loss on the date that the Company's right to receive payment is established.

2.2 Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Current Tax

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred Tax

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax liabilities are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

2.3 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.4 Asset held for sale

Assets are classified as held for sale if their carrying amount will have recovered principally through sale transaction rather than through continuing use and sale is considered highly probable. They are measured at lower of their carrying amount or fair value less cost to sell, except for assets such as deferred tax, assets arising from employee benefit, financials assets and contractual rights under insurance contracts, which are specifically exempted from this requirement. Where the Company is committed to a sale plan involving loss of control of an entity, it classifies investment in the entity and assets & liabilities associated with that entity as held for sale.

2.5 Financial Instruments

(A) Initial recognition and measurement:

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Company commits to purchase or sell the asset.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

(B) Fair value of financial instruments:

Some of the Company's assets and liabilities are measured at fair value for financial reporting purpose. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date regardless of whether that price is directly observable or estimated using another valuation technique.

Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 48.

(a) Financial assets

(i) Classification and subsequent measurement

All recognized financial assets are subsequently measured at either amortized cost or fair value depending on their respective classification.

On initial recognition, a financial asset is classified as - measured at:

- Fair Value Through Profit or Loss (FVTPL);
- Fair Value Through Other Comprehensive Income (FVOCI); or
- Amortized Cost.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortized cost or FVOCI are measured at FVTPL.

Financial assets at amortized cost are subsequently measured at amortized cost using effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain and loss on derecognition are recognized in profit or loss.

Financial assets at FVOCI are subsequently measured at fair value. Interest income is recognized using the Effective Interest (EIR) Method. The impairment losses, if any, are recognized through Statement of Profit and Loss. The loss allowance is recognized in OCI and does not reduce the carrying value of the financial asset. On derecognition, gains and losses accumulated in OCI are reclassified to the Statement of Profit and Loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.

(ii) Impairment

The Company recognizes impairment allowances using Expected Credit Losses (“ECL”) method on all the financial assets that are not measured at FVPTL:

ECL are probability-weighted estimate of credit losses. For trade Receivables Company follows simplified approach which requires expected lifetime losses to be recognized. For other assets, the company uses 12-month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is a significant increase in credit risk full lifetime ECL is used. For ECL all financial assets are classified as follows :

Stage 1: Financials assets that are not credit impaired

Stage 2: Financials assets with significant increase in credit risk but that is non credit impaired.

Stage 3: Financials assets that are credit impaired.

Financial assets are written off / fully provided for when there is no reasonable of recovering a financial asset in its entirety or a portion thereof.

However, financial assets that are written off could still be subject to enforcement activities under the Company’s recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in the Statement of Profit and Loss.

(iii) Derecognition

A financial asset is derecognized only when:

The Company has transferred the rights to receive cash flows from the financial asset or retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

(b) Financial liabilities

(i) Initial recognition and measurement

Financial liabilities are classified at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative, or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in Statement of Profit or loss.

(ii) Subsequent measurement

Financial liabilities are subsequently measured at amortized cost using the EIR method. Financial liabilities carried at fair value through profit or loss is measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

(iii) Derecognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

2.6 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition less accumulated depreciation. Cost includes expenditure that is directly attributable to the acquisition and installation of the assets.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value:

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful life prescribed under Schedule II to the Companies Act, 2013. The Company provides pro-rata depreciation from the date of installation till date the assets are sold or disposed.

Assets	Useful Life
Building	60 years
Furniture and Fixtures	10 years
Office Equipments	5 years
Computers	3 years
Electrical Installations	10 years
Vehicles	8 years

Derecognition:

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the statement of profit and loss when the asset is derecognized.

2.7 Intangible assets

Measurement at recognition:

Intangible assets are recognized where it is probable that the future economic benefit attributable to the assets will flow

to the Company and its cost can be reliably measured. Intangible assets are stated at cost of acquisition less accumulated amortization and impairment, if any.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Amortization

The Company amortizes intangible assets on a straight-line basis over their estimated useful life. The Company provides pro-rata amortization from the day the asset is put to use.

Assets	Useful Life
Computer Software	6 years

Derecognition:

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the statement of profit and loss when the asset is derecognized.

2.8 Leases

The company lease asset primarily consists of office premises which are of short-term lease with lease term of twelve months or less and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an expense in the Statement of Profit and Loss on a straight-line basis over the term of lease.

2.9 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.10 Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal /external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount of asset is the higher of its fair value or value in use. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects the current market assessment of time value of money and the risks specific to it. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An Impairment loss is reversed if there has been a change in estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the assets carrying amount would have been determined, net of depreciation or amortization, had no impairment loss been recognised.

2.11 Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

2.12 Provisions and contingencies

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the reporting date.

Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost. Expected future operating losses are not provided for. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

2.13 Employee benefits

(i) Short-term obligations

Short-term employee benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered. The Company recognises the costs of bonus payments when it has a present obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made.

(ii) Post-employment obligations

Defined contribution plan:

Contribution paid / payable to the recognised provident fund, which is a defined contribution scheme, is charged to the Statement of Profit and Loss in the period in which they occur.

Defined benefits plan:

Gratuity is post-employment benefit and is in the nature of defined benefit plan. The liability recognized in the Balance Sheet in respect of gratuity is the present value of defined benefit obligation at the Balance Sheet date together with the adjustments for unrecognized actuarial gain or losses and the past service costs. The defined benefit obligation is calculated at or near the Balance Sheet date by an independent actuary using the projected unit credit method. Actuarial gains and losses comprise experience adjustment and the effects of changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

2.14 Dividend Distribution

Dividends paid (including income tax thereon, if any) is recognized in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

2.15 Earnings per share

a) Basic earnings per share

Basic earnings per share is calculated by dividing the net profit for the period (excluding other comprehensive income) attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus element in equity shares issued during the year.

b) Diluted earnings per share

Diluted earnings per share is computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

2.16 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest rupees.

2.17 Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

2.18 Derivative financial instruments

Derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. The resulting gain or loss is recognized in standalone statement of profit and loss immediately.

2.19 Foreign currency translation**Initial recognition**

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are re-translated using the exchange rate prevailing at the reporting date. Nonmonetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

Exchange differences

All exchange differences are accounted in the Statement of Profit and Loss.

2.20 Investment in subsidiaries

Investment in subsidiaries are recognized at cost and is not adjusted to fair value at the end of each reporting period as allowed by Ind AS 27 'Separate financial statement'. Cost of investment represents amount paid for acquisition of the said investment and a proportionate recognition of the fair value of shares granted to employees of subsidiary under a group share based payment arrangement.

The Company assesses at the end of each reporting period, if there are any indications that the said investment may be impaired. If so, the Company estimates the recoverable value/amount of the investment and provides for impairment, if any i.e. the deficit in the recoverable value over cost.

2.21 Investment in associates

Associates are the entities over which the Group has significant influence. Investment in associates is accounted for using the equity method of accounting, after initially being recognized at cost.

NOTE 3: KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on ongoing basis. Any changes to accounting estimates are recognized prospectively. Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect on the amounts recognised in the financial statements are included in the following notes:

- (a) **Provision and contingent liability:** On an ongoing basis, Company reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. For Contingencies losses that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not recognized until the contingency has been resolved and amounts are received or receivable.
- (b) **Allowance for impairment of financial asset:** Judgements are required in assessing the recoverability of overdue and determining whether a provision against those is required. Factors considered include the aging of past dues, value of collateral and any possible actions that can be taken to mitigate the risk of non-payment.
- (c) **Recognition of deferred tax assets:** Deferred tax assets are recognised for unused tax-loss carry forwards, deductible temporary differences and unused tax credit to the extent that realisation of the related tax benefit is probable. The assessment of the probability regarding the realisation of the tax benefit involves assumptions based on the history of the entity and budgeted data for the future.
- (d) **Defined benefit plans:** The cost of defined benefit plans and the present value of the defined benefit obligations are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions.
- (e) **Property, plant and equipment and Intangible Assets:** Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation and amortization to be recorded during any reporting period. The useful lives and residual values as per schedule II of the Companies Act, 2013 or are based on the Company's historical experience with similar assets and taking into account anticipated technological changes, whichever is more appropriate.

45. Revenue from Contract with customers

The Company derives revenue primarily from the broking business. Its other major revenue sources is Interest income.

A. Disaggregate revenue information

The table below presents disaggregate revenues from contracts with customers for the year ended 31st March, 2021 and 31st March, 2020. The Company believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of revenue and cash flows are affected by market and other economic factors.

Particulars	For the Year ended 31-Mar-21 (₹)	For the Year ended 31-Mar-20 (₹)
Brokerage Income	61,04,99,919	42,15,70,650

Depository Income	2,19,09,973	1,54,80,966
Total	88,65,99,276	72,18,16,068

B. Nature and timing of satisfaction of the performance obligation

1. Broking Income - The Company provides trade execution and settlement services to the customers. There is only one performance obligation of execution of the trade and settlement of the transaction which is satisfied at a point in time. The brokerage charged is the transaction price and is recognised as revenue on settlement date basis.

2. Fees & Commission Income - Fees for subscription based services are received periodically but are recognised as earned on a pro-rata basis over the term of the contract. Commissions from distribution of financial products are recognised upon allotment of the securities to the applicant or as the case may be. Commissions and fees recognised as aforesaid are exclusive of goods and service tax, securities transaction tax, stamp duties and other levies by SEBI and stock exchanges.

3. Interest Income - Interest is earned on delayed payments from clients and amounts funded to them as well as on loans and term deposit with bank. Interest income is recognised on a time proportion basis taking into account the amount outstanding from customers or on the financial instrument and the rate applicable.

4. Depository Income - Income from services rendered on behalf of depository is recognised upon rendering of the services, in accordance with the terms of contract.

46. Employee benefits

A. The Company contributes to the following post-employment defined benefit plans

(i) Defined Contribution Plans:

The Company makes contributions towards Provident Fund and Employees State Insurance Fund to a defined contribution retirement benefit plan for qualifying employees. Under the plan, the Company is required to contribute a specified percentage of payroll cost to the retirement benefit plan to fund the benefits. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

The Company recognised ₹14,59,558 (Previous Year ₹13,29,605) for provident fund contributions in the Statement of Profit and Loss.

The Company recognised ₹3,85,083 (Previous Year: ₹4,46,205) for Employees State Insurance Fund contribution in the Statement of Profit and Loss.

(ii) Defined Benefit Plan:

Gratuity

In accordance with Payment of Gratuity Act, the Company provides for gratuity, a defined benefit retirement plan covering all employees. The plan provides a lump sum payment to vested employees at retirement or termination of employment based on the respective employee's salary and the years of employment with the Company subject to maximum of ₹20 lakhs. (Previous Year ₹20 lakhs).

Notes Forming Part Of Standalone Financial Statement

The gratuity benefit is provided through unfunded plan and annual contributions are charged to the statement of profit and loss. Under the scheme, the settlement obligation remains with the Company. Company accounts for the liability for future gratuity benefits based on an actuarial valuation. The net present value of the Company's obligation towards the same is actuarially determined based on the projected unit credit method as at the Balance Sheet date.

B.Movement in Defined Benefit Liability

The following table shows a reconciliation from the opening balances to the closing balances for net defined benefit (asset) liability and its components:

Closing balance (A+B+C)	1,79,87,211	1,22,36,917

C. Defined Benefit Obligations

(i) **Actuarial assumptions:** The following were the principal actuarial assumptions at the reporting date (expressed as weighted averages).

Particulars	31 st March, 2021 (₹)	31 st March, 2020 (₹)
Mortality Table	IALM (2006-08) Ult.	IALM (2006-08) Ult.
Retirement age	60,65 & 70 years	60 years
Attrition Rate	29.00% p.a.	29.00% p.a.
Discount rate	5.21% p.a.	6.66% p.a.
Salary escalation rate	5.00% p.a.	5.00% p.a.

(ii) **Sensitivity analysis:** Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	As at 31-Mar-21		As at 31-Mar-20	
	Increase	Decrease	Increase	Decrease
Discount rate (1% movement)	-3,82,264	4,06,123	-2,74,584	2,92,728
Future salary growth (1% movement)	3,45,374	-3,30,083	2,90,728	-2,77,679
Employee Turnover (1% movement)	-30,628	31,790	-20,967	21,340

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Notes Forming Part Of Standalone Financial Statement

Level 1: Category include financial assets and liabilities that are measured in whole or significantly part by reference to published quotes in an active market
Level 2: Category include financial assets and liabilities that are measured using a valuation technique based on assumptions that are supported by prices from observable current market transactions.
Level 3: Category include financial assets and liabilities that are measured using valuation technique based on non-market observable inputs. This means that fair value are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

II. Financial instruments not measured at fair value

Financial assets not measured at fair value includes cash and cash equivalents, bank balance, trade receivables, loans and other financial assets. These are financial assets whose carrying amounts approximate fair value, due to their short-term nature and also fixed deposit with maturity more than 12 months (included in other financial assets) are measured at amortized cost.

Additionally, financial liabilities such as trade payables and other financial liabilities are not measured at FVTPL, whose carrying amounts approximate fair value, because of their short-term nature.

49. Financial risk management

The company has a risk management framework, appropriate to the size of the Company and environment under which it operates. The objective of its risk management framework is to ensure that various risks are identified, measured and mitigated and also that policies, procedures and standards are established to address these risks and ensure a systematic response in the case of crystallisation of such risks. The board of Directors reviews these policies and processes regularly and is periodically informed about the risk assessment, impact of risk on the business and mitigation plans. The Company is exposed to following risk -

A. Credit risk

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligation. The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties, and by monitoring exposures in relations to such limits.

The maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented in the financial statements. Deposits with banks are considered to have negligible risk or nil risk, as they are maintained with high rated banks / financial institutions as approved by the Board of directors. The management has established accounts receivable policy under which customer accounts are regularly monitored.

Expected Credit Loss (ECL):

The Company applies the Ind AS 109 Simplified approach for trade receivables which requires expected lifetime losses to be recognised. For other assets, the Company uses 12 month ECL approach to measuring expected credit losses (ECLs) where there is no significant increase in credit risk of borrower. If there is significant increase in credit risk full lifetime ECL approach is used.

Inputs considered in the ECL model

In assessing the impairment of financial assets under Expected Credit Loss (ECL) Model, the assets have been segmented into three stages. The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages, relate to the recognition of expected credit losses

Stage 1 : Financial assets for which credit risk has not increased significantly and that are also not credit impaired

Stage 2 : Financial assets for which credit risk has increased significantly but not credit impaired

Stage 3 : Financial assets for which credit risk has increased significantly and are credit impaired

B. Liquidity risk

Liquidity risk is the risk that the entity will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The entity's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the entity's reputation.

Prudent liquidity risk management requires sufficient cash and marketable securities and availability of funds through adequate committed credit facilities to meet obligations when due and to close out market positions.

Ultimate responsibility for liquidity risk management rests with the board of directors, for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities

The table below provide details regarding the contractual maturities of significant financial liabilities as of March 31, 2021

C. Market risk

Market Risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates, etc. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximizing the return.

(i) Currency risk

Currency Risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The company's all transactions are denominated in Indian rupees only. Hence, the Company is not significantly exposed to currency rate risk.

(ii) Interest rate risk

Interest Rate Risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate as result of changes in market interest rates. The Company's Loans are primarily in fixed interest rates. Hence, the Company is not significantly exposed to interest rate risk.

(iii) Market price risks

The Company is exposed to market price risk, which arises from FVTPL investments. The management monitors the proportion of these investments in its investment portfolio based on market indices. Material investments within the portfolio are managed on an individual basis and all buy and sell decisions are approved by the appropriate authority.

INDEPENDENT AUDITORS' REPORT

To The Members of
ARIHANT CAPITAL MARKETS LIMITED

Report on the Audit of the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of **ARIHANT CAPITAL MARKETS LIMITED** ("the Holding Company"), and its subsidiaries (the Company and its Subsidiaries together referred to as the "Group") which includes the Group's share of profit in its associate, which comprise the Consolidated Balance Sheet as at March 31, 2021, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income) and the Consolidated Cash Flow Statement for the year then ended, the Consolidated Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information. (Hereinafter referred to as the "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of report of other auditor on separate financial statements of its associate referred to in the Other Matter paragraph below, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act"), in the manner so required and give a true and fair view in conformity with the Indian Accounting Standard prescribed under section 133 of the act read with the companies (Indian Accounting Standards) rules, 2015 as amended, ("Ind AS") and other principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2021, and their consolidated profit (including other comprehensive income) and consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated Ind AS financial statements' section of our report. We are independent of the Group and its associate in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Ind AS financial statements.

1. Revenue Recognition

Recognition of revenue at a point in time based on satisfaction of performance obligation requires estimates and judgements regarding timing of satisfaction of performance obligation, allocation of cost incurred to units and the estimated cost for completion of some final pending works. Due to judgement and estimates involved, revenue recognition is considered as key audit matter.

Our audit procedures on revenue recognition included the following:

- Evaluated that the Group's revenue recognition policy is in accordance with Ind AS 115 and other applicable Indian accounting standards;
- Verified the calculation of adjustment to retained earnings on adoption of Ind AS 115;

- Verified performance obligations satisfied by the Group;
- Verified calculation of revenue to be recognised and matching of related cost;
- Tested buyer agreements/sale deeds, project completion, possession letters to test transfer of controls;
- Verified estimates of cost yet to be incurred before final possession of units.

2. Impact of Covid-19 on Audit

Due to outbreak of second wave COVID -19 pandemic has peaked in most states in India. Consequent state wide lockdown enforced by Government of Madhya Pradesh, we could not carry out normal audit procedures by visiting the office and audit was carried out using “Work from Home” approach. This is considered as Key Audit Matter, since alternate audit procedures were performed for carrying out the audit.

Due to “work from home” approach adopted, we performed following alternative audit procedures:

- Remote Access to financial accounting and taxation software on laptops of team members.
- Various data and confirmation were received either electronically through email or through data sharing on drive.
- For various audit procedures, reliance was placed on scanned copies of original documents shared with us electronically.

Information Other than the Ind AS financial statements and Auditor’s Report Thereon

The Holding Company’s Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s Report including Annexure to Board’s Report, Business Responsibility Report, Corporate Governance and Shareholder’s Information, but does not include the consolidated Ind AS financial statements, standalone Ind AS financial statements and our auditor’s report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the associate audited by the other auditors, to the extent it related to this entity and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. Other information so far as it relates to the associate is traced from their financial statements audited by the other auditor.

If, based on the work we have performed, we conclude that there is no material misstatement of this other information.

Management’s Responsibility for the Consolidated Ind AS Financial Statements.

The Holding Company’s Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (“Ind AS”) specified under Section 133. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associate and for preventing and detecting frauds and other irregularities; selection and application of the appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind AS financial statements, the respective Management and Board of Directors of the

companies included in the Group and its associate are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Management and Boards of Directors of the companies included in the Group and its associate are also responsible for overseeing the financial reporting process of the Group and its associate.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the holding company has adequate internal financial controls system in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors. For the entities or business activities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Ind AS financial statements that, individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the

audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The consolidated financial statements also include the Group's share of net profit of Rs. 45.78 lacs for the year ended 31st March, 2021, as considered in the consolidated financial statements, in respect of one associate, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this associate, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid associate is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, based on our audit and on the consideration of the reports of the other auditor on the separate financial statement of the associate referred to in the Other Matters paragraph above we report, to the extent applicable that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the group so far as it appears from our examination of those books.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors of the holding company as on 31st March 2021 taken on record by the Board of Directors of the holding company, the report of the subsidiary companies and the reports of the statutory auditor of its associate company, none of the directors of Group Companies and its associate is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Companies Act, 2013
 - (f) With respect to the adequacy of the internal financial control over financial reporting and the operating effectiveness of such control, refer to our separate report in Annexure "A" which is based on the auditor's report of the Group and its associates. Our report expresses an unmodified opinion on adequacy and operating effectiveness of the internal financial control over financial reporting of those companies.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Group and its associate, as detailed in note 47 to the consolidated financial statements, has disclosed the impact of pending litigations on its consolidated financial position of the Group as at 31 March 2021
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, subsidiary companies and its associate company.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT (REFERRED TO IN PARAGRAPH 1 (f) UNDER ‘REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS’ SECTION OF OUR REPORT TO THE MEMBERS OF ARIHANT CAPITAL MARKETS LIMITED OF EVEN DATE)

Report on the Internal Financial Controls with reference to the aforesaid consolidated Ind AS financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated Ind AS financial statements of the Group and its associate as of and for the year ended 31 March 2021, we have audited the internal financial controls over financial reporting of **Arihant Capital Market Limited** (“the Holding Company”) its subsidiary companies and its associates, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Management and Board of Directors of the holding company, its subsidiaries companies and its associate company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to group’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Group’s and its associate’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of its associate, in terms of their reports referred to in the in the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Group’s and its associate’s internal financial controls system over financial reporting with reference to these financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that :

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company;
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to financial statement, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Group and its associate, have in all material respects, adequate internal financial controls over financial reporting and such controls were operating effectively as at 31 March 2021, based on criteria established by the Group and its associate considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to its one associate company, is based solely on the corresponding reports of the auditors of such company.

Our opinion is not modified in respect of the above matters.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

NOTE 1: CORPORATE INFORMATION

Arihant Capital Markets Limited (“ACML” or ‘the Holding Company’) is a public limited company and incorporated on 25th June, 1992 under the provisions of Companies Act. The Company is domiciled in India having its registered office at 6, Lad Colony, YN Road Indore, Madhya Pradesh.

The Holding Company is registered with Securities and Exchange Board of India (‘SEBI’) under the Stock brokers and sub-brokers Regulations, 1992 and is a member of Bombay Stock Exchange Limited, National Stock Exchange of India Limited, Multi Commodity Exchange of India Limited and National Commodity and Derivatives Exchange Limited.

Arihant Capital Markets Limited and its subsidiaries (collectively, the Group) are engaged in Stock Broking , Commodities Broking, Portfolio Management Services, Financial Services, Real Estate, Insurance Broking and other related activities.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

Basis of Preparation

The financial statement for the year ended 31 March 2021 has been prepared in accordance with Indian Accounting Standard (‘Ind AS’). The Company is covered under the definition of NBFC. These Financial Statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). These Financial Statements of the Company are presented in Indian Rupees (“INR”), which is also the Company’s functional currency and all values are rounded to nearest rupees.

The financial statements are prepared on a going concern basis, as the Management is satisfied that the Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources. The outbreak of COVID-19 has not affected the going concern assumption of the Company.

Preparation of Consolidated financial statements

The Holding Company is covered in the definition of Non-Banking Financial Company as defined in Companies (Indian Accounting Standards) (Amendment) Rules, 2016. As per the format prescribed under Division III of Schedule III to the Companies Act, 2013 on 11 October 2013, the Holding Company presents the Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity in the order of liquidity. A maturity analysis of recovery or settlement of assets and liabilities within 12 months after the reporting date and more than 12 months after the reporting date is presented in Note 55.

2.1. Principles of Consolidation with Subsidiaries

The consolidated financial statements have comprised financial statements of the Company and its subsidiaries, subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealized gains on transactions within the Group are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

2.2. Revenue Recognition

The Group recognizes revenue from contracts with customers based on a five-step model as set out in Ind AS 115, Revenue from Contracts with Customers, to determine when to recognize revenue and at what amount. Revenue is measured based on the consideration specified in the contract with a customer. Revenue from contracts with customers is recognised when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur.

Revenue is measured at fair value of the consideration received or receivable. Revenue is recognised when (or as) the Group satisfies a performance obligation by transferring a promised service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

When (or as) a performance obligation is satisfied, the Group recognizes as revenue the amount of the transaction price (excluding estimates of variable consideration) that is allocated to that performance obligation.

- The Group applies the five-step approach for recognition of revenue:
- Identification of contract(s) with customers;
- Identification of the separate performance obligations in the contract;
- Determination of transaction price;
- Allocation of transaction price to the separate performance obligations; and
- Recognition of revenue when (or as) each performance obligation is satisfied.

(i) Brokerage income

It is recognized on settlement date basis and is exclusive of goods and service tax, securities transaction tax (STT) and commodity transaction tax (CTT) wherever applicable.

(ii) Fee & Commission income

Fees based income on services are recognised as earned on a pro-rata basis over the term of the contract. Commissions from distribution of financial products are recognised upon allotment of the securities to the applicant or as the case may be.

(iii) Depository income

Income from services rendered on behalf of depository is recognised upon rendering of the services, in accordance with the terms of contract.

(iv) Interest income

Interest income is recognized on accrual basis in Statement of profit and loss for all financial instruments measured at amortised cost.

(v) Dividend income

Dividend income is recognized in the statement of profit or loss on the date that the Group's right to receive payment is established.

(vi) Revenue from Sale of Land and other rights

Revenue from Sale of land and other rights is generally a single performance obligation and the Group has determined that this is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers, which generally are with the firmity of the sale contracts / agreements

(vii) Portfolio Management and Advisory Services

The Group provides portfolio management services and advisory services to its clients wherein a separate agreement is entered into with each client. The Group earns management fees which is generally charged as a percent of the Assets Under Management (AUM) and is recognised on accrual basis. The Group, in certain instances also has a right to charge performance fee to the clients if the portfolio achieves a particular level of performance as mentioned in the agreement with the client to the extent permissible under applicable regulations. Generally, no upfront fee is charged to the clients

(viii) Insurance Commission

Insurance commission is recognized on receiving details of the policy issued by the insurance company or receipt of brokerage whichever is earlier.

(ix) Advisory Fees

Revenue from advisory services are recognized over the tenure of service as per terms of contract. Advisory fees related to successful completion of a milestone is recognised as revenue only when such milestone is achieved.

2.3. Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Current Tax

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Group.

Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred Tax

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Consolidated financial statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax liabilities are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries where the Group is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

2.4. Assets held for sale

Assets are classified as held for sale if their carrying amount will have recovered principally through sale transaction rather than through continuing use and sale is considered highly probable. They are measured at lower of their carrying amount or fair value less cost to sell, except for assets such as deferred tax, assets arising from employee benefit, financials assets and contractual rights under insurance contracts, which are specifically exempted from this requirement. Where the Company is committed to a sale plan involving loss of control of an entity, it classifies investment in the entity and assets & liabilities associated with that entity as held for sale.

2.5. Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three

months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.6. Financial Instruments

Initial recognition and measurement:

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Group commits to purchase or sell the asset.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Fair value of financial instruments:

Some of the Group's assets and liabilities are measured at fair value for financial reporting purpose. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date regardless of whether that price is directly observable or estimated using another valuation technique.

Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 52.

(A) Financial assets

(i) Classification and subsequent measurement

All recognised financial assets are subsequently measured at either amortised cost or fair value depending on their respective classification.

On initial recognition, a financial asset is classified as - measured at:

- Fair Value Through Profit or Loss (FVTPL);
- Fair Value Through Other Comprehensive Income (FVOCI); or
- Amortised Cost.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain and loss on derecognition are recognised in profit or loss.

Financial assets at FVTOCI are subsequently measured at fair value. Interest income is recognised using the Effective Interest (EIR) Method. The impairment losses, if any, are recognized through Statement of Profit and Loss. The loss allowance is recognized in OCI and does not reduce the carrying value of the financial asset. On derecognition, gains and losses accumulated in OCI are reclassified to the Statement of Profit and Loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

(ii) Impairment

The Group recognizes impairment allowances using Expected Credit Losses ("ECL") method on all the financial assets that are not measured at FVPTL:

ECL are probability-weighted estimate of credit losses. For trade receivables Group follows simplified approach which requires expected lifetime losses to be recognised. For other assets, the Group uses 12 month ECL to

provide for impairment loss where there is no significant increase in credit risk. If there is a significant increase in credit risk full lifetime ECL is used. For ECL all financial assets are classified as follows

Stage 1: Financials assets that are not credit impaired

Stage 2: Financials assets with significant increase in credit risk but that are not credit impaired.

Stage 3: Financials assets that are credit impaired.

Financial assets are written off / fully provided for when there is no reasonable of recovering a financial asset in its entirety or a portion thereof.

However, financial assets that are written off could still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in the Statement of Profit and Loss.

(iii) Derecognition

A financial asset is derecognised only when:

The Group has transferred the rights to receive cash flows from the financial asset or retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(B) Financial liabilities

(I) Initial recognition and measurement

Financial liabilities are classified at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative, or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in Statement of Profit or Loss.

(ii) Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss is measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

(iii) Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

2.7. Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition less accumulated depreciation. Cost includes expenditure that is directly attributable to the acquisition and installation of the assets.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item

can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value:

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful life prescribed under Schedule II to the Companies Act, 2013. The Group provides pro-rata depreciation from the date of installation till date the assets are sold or disposed.

Assets	Useful Life
Building	60 years
Furniture and Fixtures	10 years
Office Equipment's	5 years
Computers	3 years
Electrical Installations	10 years
Vehicles	8 years
Leasehold Premises	30 years

Derecognition:

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the statement of profit and loss when the asset is derecognized.

2.8. Intangible assets

Measurement at recognition:

Intangible assets are recognized where it is probable that the future economic benefit attributable to the assets will flow to the Group and its cost can be reliably measured. Intangible assets are stated at cost of acquisition less accumulated amortization and impairment, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost can be measured reliably.

Amortization

The Group amortizes intangible assets on a straight-line basis over their estimated useful life. The Group provides pro-rata amortization from the day the asset is put to use.

Assets	Useful Life
Computer Software	6 years
Operating Right*	3 years

* This contain insurance broking right and Portfolio management rights which is amortized over the period from the date of IRDA and SEBI Certificate for providing Insurance Broking and Portfolio Management Services respectively, which is the period over which it is estimated that benefits will flow to the Group.

Derecognition:

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the statement of profit and loss when the asset is derecognized.

2.9. Investment Property

Investment Property are property held to earn rentals and for capital appreciation. Investment Property are measured initially at cost including transaction costs. Subsequent to initial recognition, investment properties are measured in

accordance with Ind AS16's requirements for cost model. An Investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which property is derecognised.

For transition to Ind AS, the Group has elected to continue with carrying value of its investment property recognised as of April 1, 2018 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

2.10. Leases

The Group's lease asset primarily consists of office premises which are of short-term lease with lease term of twelve months or less and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an expense in the Statement of Profit and Loss on a straight-line basis over the term of lease.

2.11. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counter party.

2.12. Impairment of non-financial assets

At each reporting date, the Group assesses whether there is any indication based on internal / external factors, that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. The recoverable amount of asset is the higher of its fair value or value in use. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects the current market assessment of time value of money and the risks specific to it. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An impairment loss is reversed if there has been a change in estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the assets carrying amount would have been determined, net of depreciation or amortization, had no impairment loss been recognised.

2.13. Provisions and contingencies

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the reporting date.

Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost. Expected future operating losses are not provided for.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

2.14. Employee benefits

(i) Short-term obligations

Short-term employee benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered. The Group recognises the costs of bonus payments when it

has a present obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made.

(ii) Post-employment obligations

Defined contribution plan:

Contribution paid / payable to the recognised provident fund, which is a defined contribution scheme, is charged to the Statement of Profit and Loss in the period in which they occur.

Defined benefits plan:

Gratuity is post-employment benefit and is in the nature of defined benefit plan. The liability recognised in the Balance Sheet in respect of gratuity is the present value of defined benefit obligation at the Balance Sheet date together with the adjustments for unrecognised actuarial gain or losses and the past service costs. The defined benefit obligation is calculated at or near the Balance Sheet date by an independent actuary using the projected unit credit method. Actuarial gains and losses comprise experience adjustment and the effects of changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

2.15. Foreign currency transactions and translation

Transactions in foreign currencies are recorded at the rate of exchange prevailing on the date of the transaction. Exchange differences arising on settlement of revenue transactions are recognised in the statement of profit and loss. Monetary assets and liabilities contracted in foreign currencies are restated at the rate of exchange ruling at the Balance Sheet date. Non monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

2.16. Dividends

Dividends paid (including income tax thereon, if any) is recognized in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

2.17. Earnings per share

a) Basic earnings per share

Basic earnings per share is calculated by dividing the net profit for the period (excluding other comprehensive income) attributable to equity shareholders of the Group by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus element in equity shares issued during the year.

b) Diluted earnings per share

Diluted earnings per share is computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

2.18. Rounding of amounts

All amounts disclosed in the Consolidated financial statements and notes have been rounded off to the nearest rupees.

2.19. Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the Consolidated financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

2.20. Derivative financial instruments

Derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. The resulting gain or loss is recognized in standalone statement of profit and loss immediately.

2.21. Investment in subsidiaries

Investment in subsidiaries are recognized at cost and is not adjusted to fair value at the end of each reporting period as allowed by Ind AS 27 'Separate financial statement'. Cost of investment represents amount paid for acquisition of the said investment and a proportionate recognition of the fair value of shares granted to employees of subsidiary under a group share based payment arrangement.

The Company assesses at the end of each reporting period, if there are any indications that the said investment may be impaired. If so, the Company estimates the recoverable value/amount of the investment and provides for impairment, if any i.e. the deficit in the recoverable value over cost.

2.22. Investment in associates

Associates are the entities over which the Group has significant influence. Investment in associates is accounted for using the equity method of accounting, after initially being recognized at cost.

NOTE 3: KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of Consolidated financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on ongoing basis. Any changes to accounting estimates are recognized prospectively. Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect on the amounts recognised in the Consolidated financial statements are included in the following notes:

- (a) **Provision and contingent liability:** On an ongoing basis, Group reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in Consolidated financial statements. For Contingencies losses that are considered possible are not provided for but disclosed as Contingent liabilities in the Consolidated financial statements. Contingencies the likelihood of which is remote are not disclosed in the Consolidated financial statements. Gain contingencies are not recognized until the contingency has been resolved and amounts are received or receivable.
- (b) **Allowance for impairment of financial asset:** Judgments are required in assessing the recoverability of overdue and determining whether a provision against those is required. Factors considered include the aging of past dues, value of collateral and any possible actions that can be taken to mitigate the risk of non-payment.
- (c) **Recognition of deferred tax assets:** Deferred tax assets are recognised for unused tax-loss carry forwards, deductible temporary differences and unused tax credits to the extent that realisation of the related tax benefit is probable. The assessment of the probability with regard to the realisation of the tax benefit involves assumptions based on the history of the entity and budgeted data for the future.
- (d) **Defined benefit plans:** The cost of defined benefit plans and the present value of the defined benefit obligations are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long – term nature, a defined benefit obligation is highly sensitive to changes in these assumptions.
- (e) **Property, plant and equipment and Intangible Assets:** Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation and amortization to be recorded during any reporting period. The useful lives and residual values as per schedule II of the Companies Act, 2013 or are based on the Group's historical experience with similar assets and taking into account anticipated technological changes, whichever is more appropriate.
- (f) **Inventories:** Inventories comprising of construction-work-in progress are valued at lower of cost and net realisable value. Net Realisable value is based upon the estimates of the management. The effect of changes, if any, to the estimates is recognised in the Consolidated financial statements for the period in which such changes are determined.
- (g) **Satisfaction of performance obligation:** Determination of revenue under the satisfaction of performance obligation at a point in time method necessarily involves making estimates, some of which are of a technical nature, concerning, where relevant, the timing of satisfaction of performance obligation, costs to completion, the expected revenues from the project or activity and the foreseeable losses to completion. Estimates of project income, as well as project costs, are reviewed periodically. The Group recognises revenue when the Group satisfies its performance obligation.

49. Revenue from Contract with customers

The Group derives revenue primarily from the broking and related business. Its other major revenue sources is Interest income, Sale of plots and Asset management & Advisory fees.

A. Disaggregate revenue information

The table below presents disaggregate revenues from contracts with customers for the year ended 31st March, 2021 and 31st March, 2020. The Group believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of revenue and cash flows are affected by market and other economic factors.

Particulars	For the year ended 31 st March 2021 (₹)	For the year ended 31 st March 2020 (₹)
Broking & Related Income	67,00,55,025	49,24,07,235
Interest Income	24,83,15,877	29,23,70,693
Sale of plots	5,04,48,438	6,38,71,584
Asset Management & Advisory fees	32,32,005	5,99,837
Total	97,20,51,344	84,92,49,349

B. Nature and timing of satisfaction of the performance obligation

1. Broking & Related Income - Income from services rendered as a broker is recognised upon rendering of the services. Commissions from distribution of financial products are recognised upon allotment of the securities to the applicant or as the case may be, on issue of the insurance policy to the applicant. Fees for subscription based services are received periodically but are recognised as earned on a pro-rata basis over the term of the contract, and are over the period in nature. Income from services rendered on behalf of depository is recognised upon rendering of the services, in accordance with the terms of contract.

2. Interest Income - Interest is earned on delayed payments from clients and amounts funded to them as well as on loans and term deposit with bank. Interest income is recognised on a time proportion basis taking into account the amount outstanding from customers or on the financial instrument and the rate applicable.

3. Revenue from Sale of Plots - Revenue from Sale of plots and other rights is generally a single performance obligation and the Company has determined that this is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers.

4. Asset Management & Advisory Fees - Performance obligation of fee from portfolio management services are completed as per the terms and conditions of the asset management agreement. Income from advisory services is recognised upon rendering of the services.

50. Employee benefits

A. The Group contributes to the following post-employment defined benefit plans

(i) Defined Contribution Plans:

The Group makes contributions towards Provident Fund and Employees State Insurance Fund to a defined contribution retirement benefit plan for qualifying employees. Under the plan, the Group is required to contribute a specified percentage of payroll cost to the retirement benefit plan to fund the benefits. The contributions payable to these plans by the Group are at rates specified in the rules of the schemes.

The Group recognised ₹14,59,558 (Previous Year ₹14,18,762) for provident fund contributions in the Statement of Profit and Loss.

The Group recognised ₹3,85,083 (Previous Year ₹4,84,667) for Employees State Insurance Fund contribution in the Statement of Profit and Loss.

(ii) Defined Benefit Plan:

Gratuity

In accordance with Payment of Gratuity Act, the Group provides for gratuity, a defined benefit retirement plan covering all employees. The plan provides a lump sum payment to vested employees at retirement or termination of employment based on the respective employee's salary and the years of employment with the Group subject to maximum of ₹20 lakhs. (Previous Year ₹20 lakhs).

Consolidated Notes Forming Part Of Financial Statement

50. Employee benefits

The gratuity benefit is provided through unfunded plan and annual contributions are charged to the statement of profit and loss. Under the scheme, the settlement obligation remains with the Group. Group accounts for the liability for future gratuity benefits based on an actuarial valuation. The net present value of the Group's obligation towards the same is actuarially determined based on the projected unit credit method as at the Balance Sheet date.

B. Movement in Defined Benefit Liability

The following table shows a reconciliation from the opening balances to the closing balances for net defined benefit (asset) liability and its components:

Particulars	Defined Benefit Obligation	
	As at 31 st March 2021 (₹)	As at 31 st March 2020 (₹)

Total - C	-7,41,288	-6,29,209
Closing balance (A+B+C)	1,81,92,769	1,27,05,751

C. Defined Benefit Obligations

(i) **Actuarial assumptions:** The following were the principal actuarial assumptions at the reporting date (expressed as weighted averages).

	As at 31-Mar-21 IALM (2006-08) Ult.	As at 31-Mar-20 IALM (2006-08) Ult.
Mortality Table	60, 65 and 70 years	60 years
Retirement age	29.00% p.a.	29.00% p.a.
Attrition Rate	4.25% p.a.	5.21% p.a.
Discount rate	5.00% p.a.	5.00% p.a.
Salary escalation rate		

(ii) **Sensitivity analysis:** Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	As at 31-Mar-21		As at 31-Mar-20	
	Increase	Decrease	Increase	Decrease
Discount rate (1% movement)	-3,82,264	4,06,123	-2,88,801	3,08,185
Future salary growth (1% movement)	3,45,374	-3,30,083	3,06,101	-2,92,086
Employee Turnover (1% movement)	-30,628	31,790	-21,142	21,494

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

D. Expected Future Cash Flows

The table below shows the expected cash flow profile of the benefits to be paid to the current membership of the plan based on past service of the employees as at the valuation date:

Maturity profile	As at 31-Mar-21	As at 31-Mar-20
Expected benefits for Year 1	51,93,108	37,92,438
Expected benefits for Year 2	37,87,394	25,35,885
Expected benefits for Year 3	28,52,922	20,06,730
Expected benefits for Year 4	31,17,111	15,73,090
Expected benefits for Year 5	13,30,635	11,89,926
Sum of Years 6 to 10	28,80,163	27,17,142
Sum of Years 11 and above	7,46,747	7,64,345

Consolidated Notes Forming Part Of Financial Statement

Level 1: Category include financial assets and liabilities that are measured in whole or significantly part by reference to published quotes in an active market

Level 2: Category include financial assets and liabilities that are measured using a valuation technique based on assumptions that are supported by prices from observable current market transactions.

Level 3: Category include financial assets and liabilities that are measured using valuation technique based on non-market observable inputs. This means that fair value are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

II. Financial instruments not measured at fair value

Financial assets not measured at fair value includes cash and cash equivalents, bank balance, trade receivables, loans and other financial assets. These are financial assets whose carrying amounts approximate fair value, due to their short-term nature and also fixed deposit with maturity more than 12 months (included in other financial assets) are measured at amortized cost.

Additionally, financial liabilities such as trade payables and other financial liabilities are not measured at FVTPL, whose carrying amounts approximate fair value, because of their short-term nature.

53. Financial risk management

The Group has a risk management framework, appropriate to the size of the Group and environment under which it operates. The objective of its risk management framework is to ensure that various risks are identified, measured and mitigated and also that policies, procedures and standards are established to address these risks and ensure a systematic response in the case of crystallisation of such risks. The board of Directors reviews these policies and processes regularly and is periodically informed about the risk assessment, impact of risk on the business and mitigation plans. The Company is exposed to following risk -

A. Credit risk

Credit risk is the risk that the Group will incur a loss because its customers or counterparties fail to discharge their contractual obligation. The Group manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties, and by monitoring exposures in relations to such limits.

The maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented in the financial statements.

Deposits with banks are considered to have negligible risk or nil risk, as they are maintained with high rated banks / financial institutions as approved by the Board of directors.

The management has established accounts receivable policy under which customer accounts are regularly monitored.

Expected Credit Loss (ECL):

The Group applies the Ind AS 109 Simplified approach for trade receivables which requires expected lifetime losses to be recognised. For other assets, the Company uses 12 month ECL approach to measuring expected credit losses (ECLs) where there is no significant increase in credit risk of borrower. If there is significant increase in credit risk full lifetime ECL approach is used.

Inputs considered in the ECL model

In assessing the impairment of financial assets under Expected Credit Loss (ECL) Model, the assets have been segmented into three stages. The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages, relate to the recognition of expected credit losses

Stage 1 : Financial assets for which credit risk has not increased significantly and that are also not credit impaired

Stage 2 : Financial assets for which credit risk has increased significantly but not credit impaired

Stage 3 : Financial assets for which credit risk has increased significantly and are credit impaired

Following table provides information about exposure to credit risk and ECL on Financial Assets

B. Liquidity risk

Liquidity risk is the risk that the entity will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The entity's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the entity's reputation.

Prudent liquidity risk management requires sufficient cash and marketable securities and availability of funds through adequate committed credit facilities to meet obligations when due and to close out market positions.

Ultimate responsibility for liquidity risk management rests with the board of directors, for the management of the Group's short, medium and long-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities

C. Market risk

Market Risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates, etc. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximising the return.

(i) Currency risk

Currency Risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Group's majority transactions are denominated in Indian rupees only. Hence, the Group is not significantly exposed to currency rate risk.

(ii) Interest rate risk

Interest Rate Risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate as result of changes in market interest rates. The Group's Loans are primarily in fixed interest rates. Hence, the Group is not significantly exposed to interest rate risk.

(iii) Market price risks

The Group is exposed to market price risk, which arises from FVTPL investments. The management monitors the proportion of these investments in its investment portfolio based on market indices. Material investments within the portfolio are managed on an individual basis and all buy and sell decisions are approved by the appropriate authority.

54. Capital Management

The Group's objectives when managing capital are to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to reduce the cost of capital.

The Group monitors its capital by using gearing ratio, which is net debt to total equity. Net debt includes borrowings net of cash and bank balances and total equity comprises of Equity share capital, general reserve and retained earnings.
